Approval is subject to the following:

- Freight repercussions will have to be reduced by diverting the affected freight traffic via WDFC, Churu-Ringus and via Phalodi-Bikaner sections.
- Before work starts of NI, detailed TWO must be issued to all concerned and copy to HQ.
- Divisions shall ensure there is adequate site preparedness and the time line of completion of work is strictly ensured.
- During post NI Senior Scale officers and during NI, JA Grade officer of S&T and Construction will remain at site.
- During NI operating officers and CSTE/C will remain at site.
- Adequate resources to be deployed to carry out the works in all the yards simultaneously as per program.

I/288392/2025

7. Division will ensure all safety precautions for safe running of trains during the work.
8. All efforts to be made to avoid block bursting.
9. Freight traffic on the section shall be planned in such a manner so that detention is minimized.
10. It should be ensured that trains regulated during block period are made up so that their link trains originate right time.

Division to ensure site preparedness and adequate resources in terms of materials & manpower so that there is no bursting of block and timeline. All efforts should be made to ensure completion of work within allowed duration with minimum detention to trains in the affected section with adequate supervision at an appropriate level. The division should ensure that adjacent divisions are informed well in advance to ensure the effective utilization of shadow block for maintenance works.

Passengers must be duly notified and informed in advance to ensure their convenience and awareness. In the case of train diversions, every possible effort should be made to minimize any delays encountered along the revised routes. ICMS& NTES shall be updated accordingly.

All concerned to please note and take necessary action accordingly.
